## **3-4 HOUR SEMINAR**

# **LEFTOVERS AGAIN? WHAT TO DO WITH LEFTOVER HANDWOVEN FABRIC**

Explore and experience creative ways to use every precious bit of hand-woven scrap. Some techniques require sewing, some a hot glue gun. Some ideas become great garments, some can be sent through the mail! Learn how to use some of the fusibles and stabilizers available, and learn to look at everything from old work, to the smallest scrap as an exciting new raw material. In addition participants will have the opportunity to make and take home a stitched post card

to mail to their friends.

ALL LEVELS ARE WELCOME
