They are inexpensive and children as young as third grade can learn to use them. Come learn this simple warp face structure, looms are available. Participants should be able to finish a small bookmark.

ALL LEVELS ARE WELCOME, NO PREVIOUS WEAVING EXPERIENCE NECESSARY!

SUPPLY LISTS:

a. We will need tables and chairs for participants to work. I have a number of the new Ashford Inklettes which will be available for use and possible sale. Students are welcome to bring their own inkle looms. I will be showing a PowerPoint presentation, I provide the computer and projector, but will need a three prong extension cord and screen.

b. Students should bring:

- **3 Colors of 3/2 or 5/2 Cotton, at least 50 yards of each. The more contrast the colors have, the better. (If using skeins of Perle Cotton from DMC, available at local craft stores, please unskein them and wrap the yarns on a card before coming to class)**
- Scissors
- Tape Measure
- If you own an inkle loom and would like to use it, feel free to bring it along. **Please no inkle looms with warp and cloth beams like the Gilmore and the Glimakra. They require specific equipment for warping and this class does not focus on beaming chain warps.**
- **If you are bringing your own inkle loom**, don't forget to bring a small belt shuttle, like a stick shuttle except with a more tapered edge along one side.

Please let me know if you will need to rent an inkle loom for the class,
